7. For connection with the internet you use ISDN **Yes / No**  
 For connection with the internet you use Broadband **Yes/No** **Wireless lan**  
**or internet connection over the intranet of the hospital (with its own server)**

8. Your wishes for ICT are:
- |   |   |
|---|---|
| 0 more stand-alone computers                                | No, as we do not have enough space!   |
| 0 laptops   | No, there are enough.   |
| 0 replacement of old computers and/of laptops               | We get them replaced when necessary   |
| 0 broad-band connection for internet                        | Our internet connection is fast enough  |
| 0 possibilities for video-conferencing                      | No, because our experiences were not satisfying with video conferencing. We were offered the equipment by a sponsor but we preferred other equipment. |
| 0 possibilities for using a digital schoolboard             | No, as we teach mostly on the wards besides the beds.   |
| 0 possibilities for digital learning-environment for pupils | We would wish better learning games than we can find on the market.   |
| Other wishes .....  |   |
| .....   |   |
9. Did you ever hear about Bednet, Webchair, Digibeter? No, but are there similar things in our country under different names?  
Do you like to be informed about these ICT- equipments for sick children ? **Yes, please! With great interest!**
10. May we consider your answers as representative for all hospitalschools in your country? **No! We have got very different situations in different schools. If you want to get a survey over Switzerland, I could ask other hospital schools to fill in these questionnaire.**
