Subscription of HOPE members

- I centralise the subscription for HOPE
- I send the total amount of the subscription to the treasurer and transmit the member's list to the treasurer and the secretary..
- The fee is not regarded as too high, I guess.

Looking for new HOPE members

- it is difficult to find new HOPE members
- The amount of HOPE members has decreased during the last two years
- Membership varies with the contents of the European Days of Congresses
- In my country there is little interest in the work of HOPE
- Some members are working in the network/ateliers of HOPE
- It is difficult for members in my country to find money to attend seminars, the European Days or Congresses.

Dissemination of information

- I spread information by mail/letters and digitally
- I spread information during meetings of the national organisation(s)
- I or members of HOPE have sent articles and/or information to the editor of the Newsletter of HOPE during the last two years
- I send the newsletter of HOPE to non-HOPE-members in my country.
- I have difficulties contacting HOPE members in my country
- I include the aims of HOPE, the *European Charter for the Educational care of Sick Children and Adolescents in Hospital and Home Tuition* and I mention the address of HOPE's homepage in the information package.
