ABSENTS	Gerd Falk

Agenda topics

13:00 – 14:00

ABOUT THE CHARTER:

DISCUSSION	<p><u>Approval of last MoM</u></p> <p>All participants approved last MoM</p> <p><u>Approval of agenda</u></p> <p>All participants approved the agenda</p> <p><u>About Charter – missing languages</u></p> <p>We discussed the missing languages: Czech, Latvian, Lithuanian, Maltese, Serbian, Slovakian. Some CM's at the CM-Meeting suggested they might know someone, to translate the Charter.</p> <p>May be translations of the Charter into other languages are also welcome, they could be useful for emigrants.</p> <p><u>The proposal for “A European Standard for the Educational Care of Sick Children and Adolescents”</u></p> <p>We decided to adapt the content on certain points, discuss it before the next HOPE-Congress, and make a proposal for the GA, to get it accepted. It should be on the agenda for the next Workshop-meeting.</p> <p>May be to think about draft and organize a discussion:</p> <p><u>How we are going to spread the Charter throughout Europe and especially to some persons who are in the lead and to people who we would like to endorse our Charter</u></p> <p>Fabrizio proposed to make a special place on the website of HOPE for the new Charter, so it stands out more, when opening the website-Homepage.</p> <p><u>How to protect the Charter from using it for other purposes?</u></p> <p>We discussed the questions: “Is the Charter going to be free to use or not?”. And: “How can we protect the Charter to be altered or misused by someone?”</p> <p>We decided that the Charter needs copyright and we discussed the idea to create a note against altering the document when reproducing it. Is a compulsory note necessary to ask HOPE for using the Charter or not? Jan will check the possibilities of getting a copyright for the Charter.</p>
