# Communication

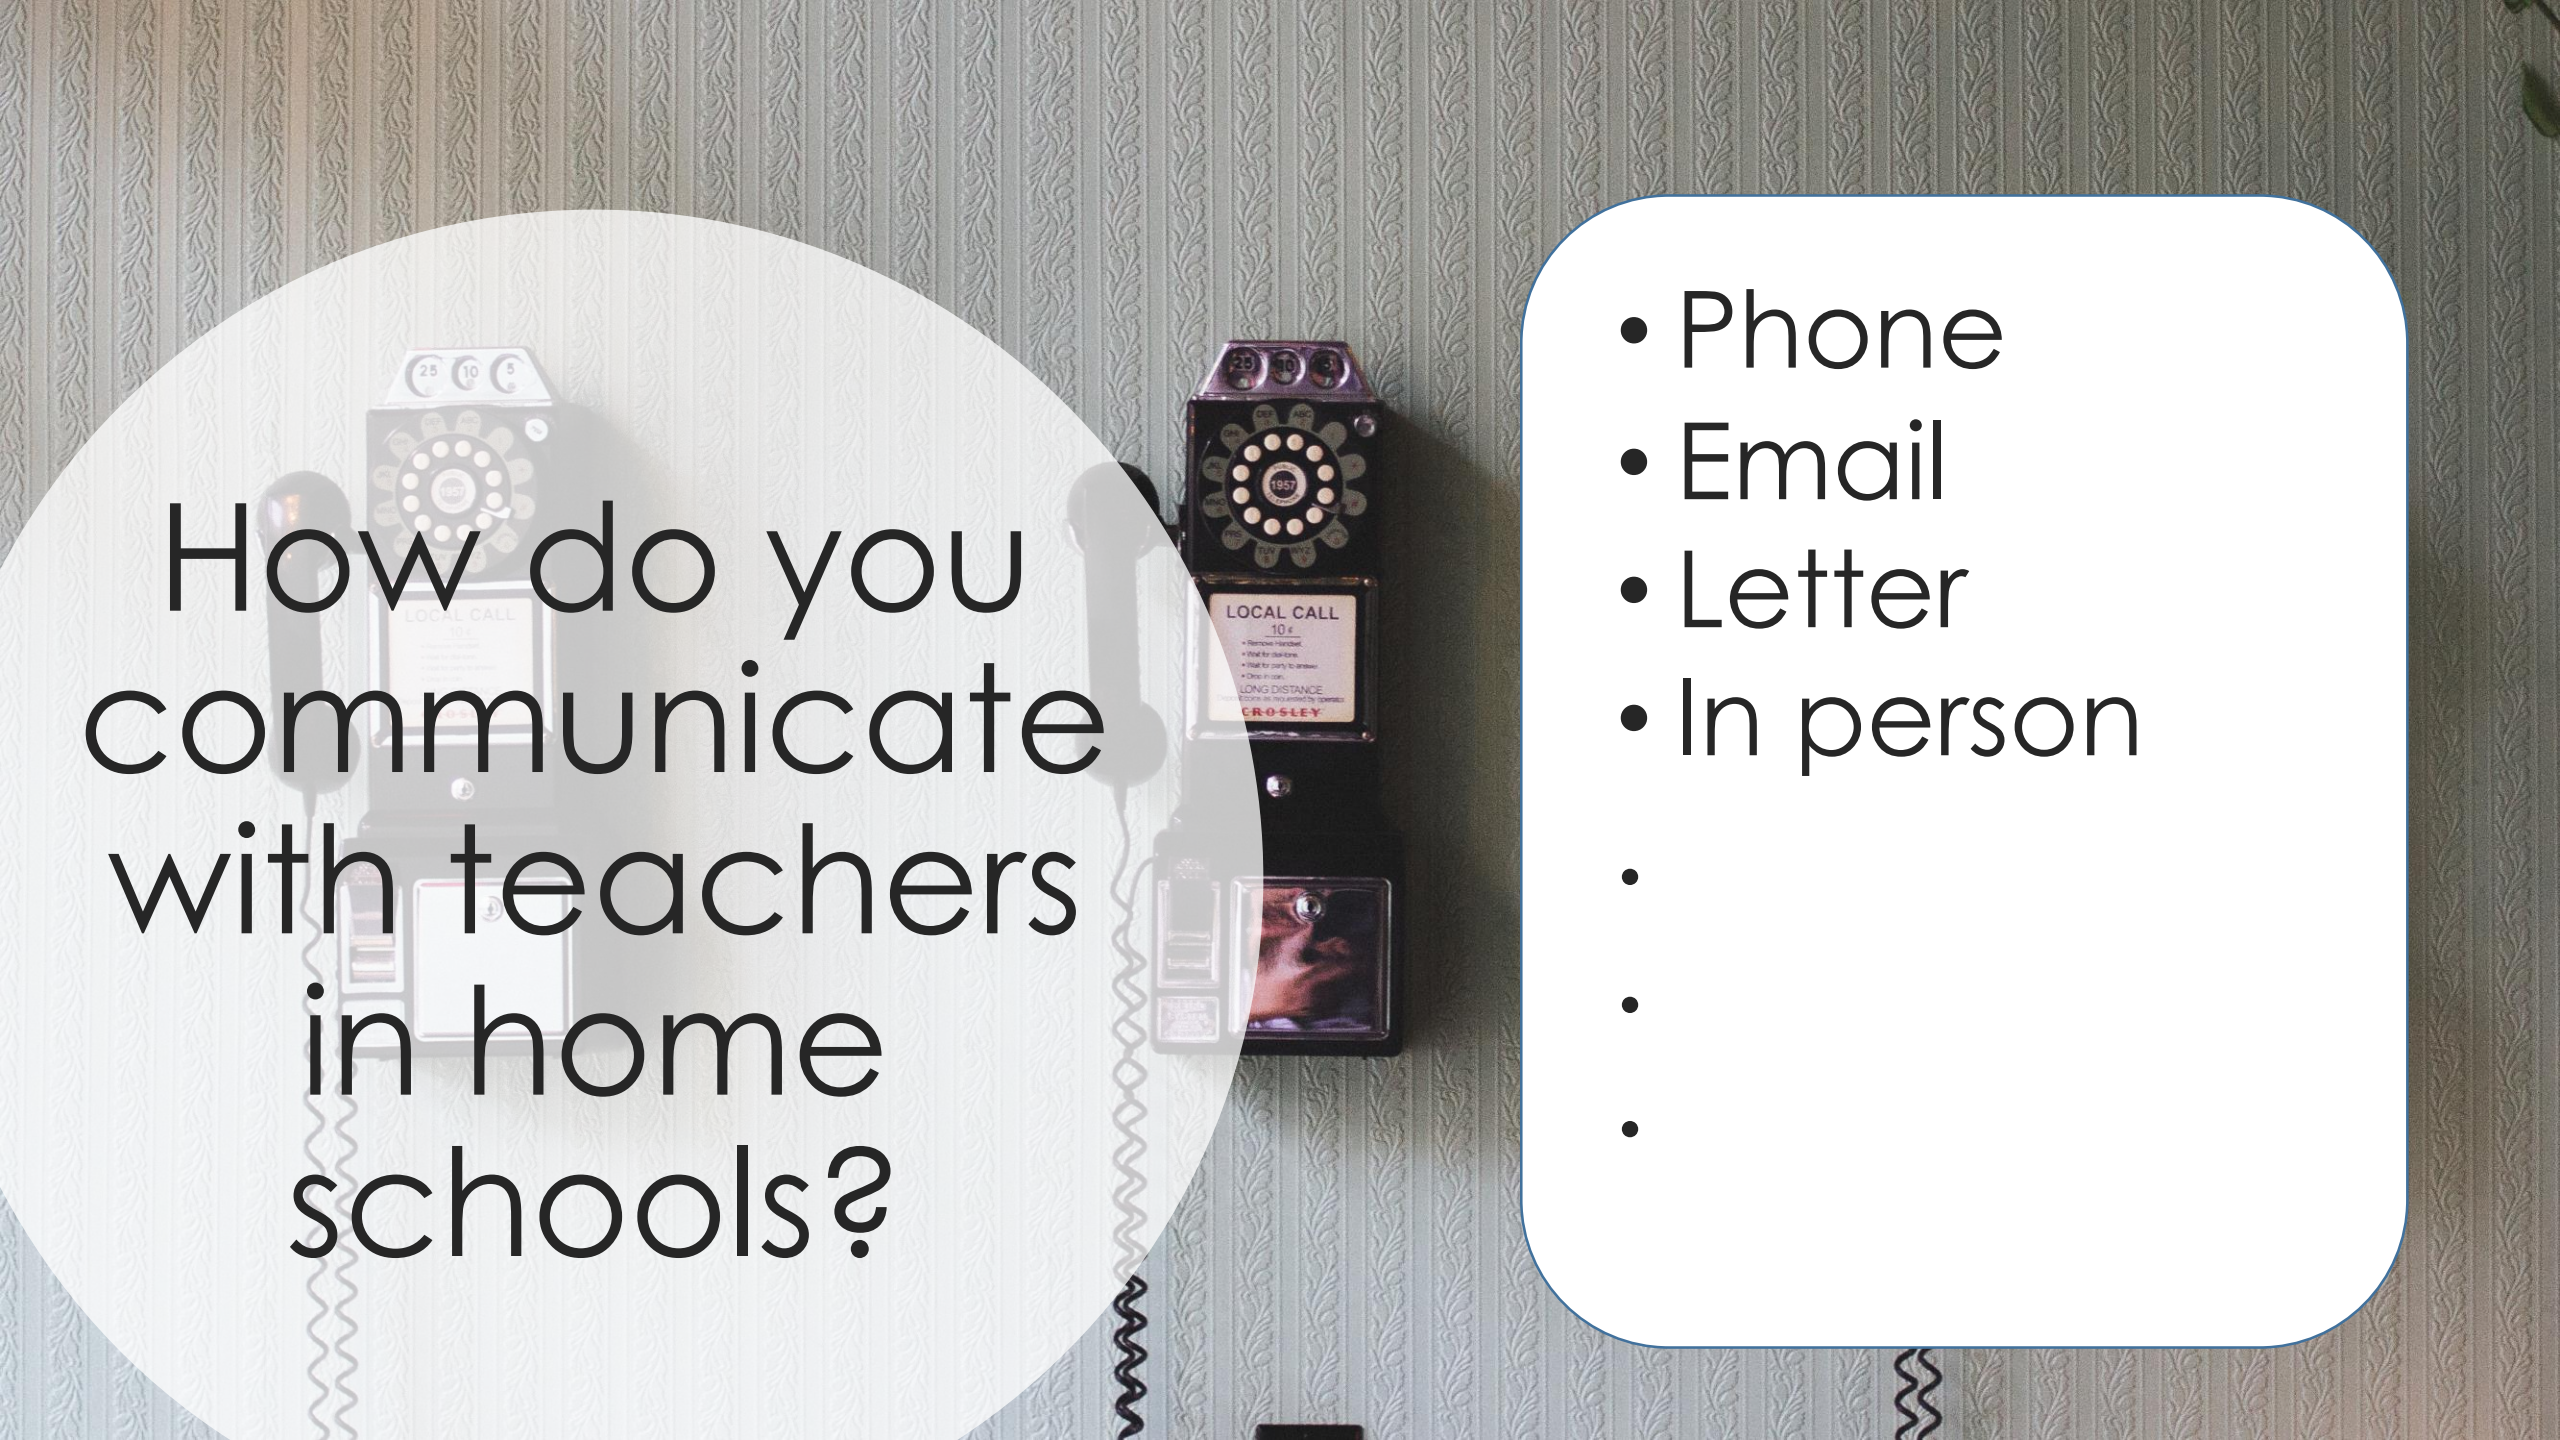

**Hospital  
School**

**Home  
School**

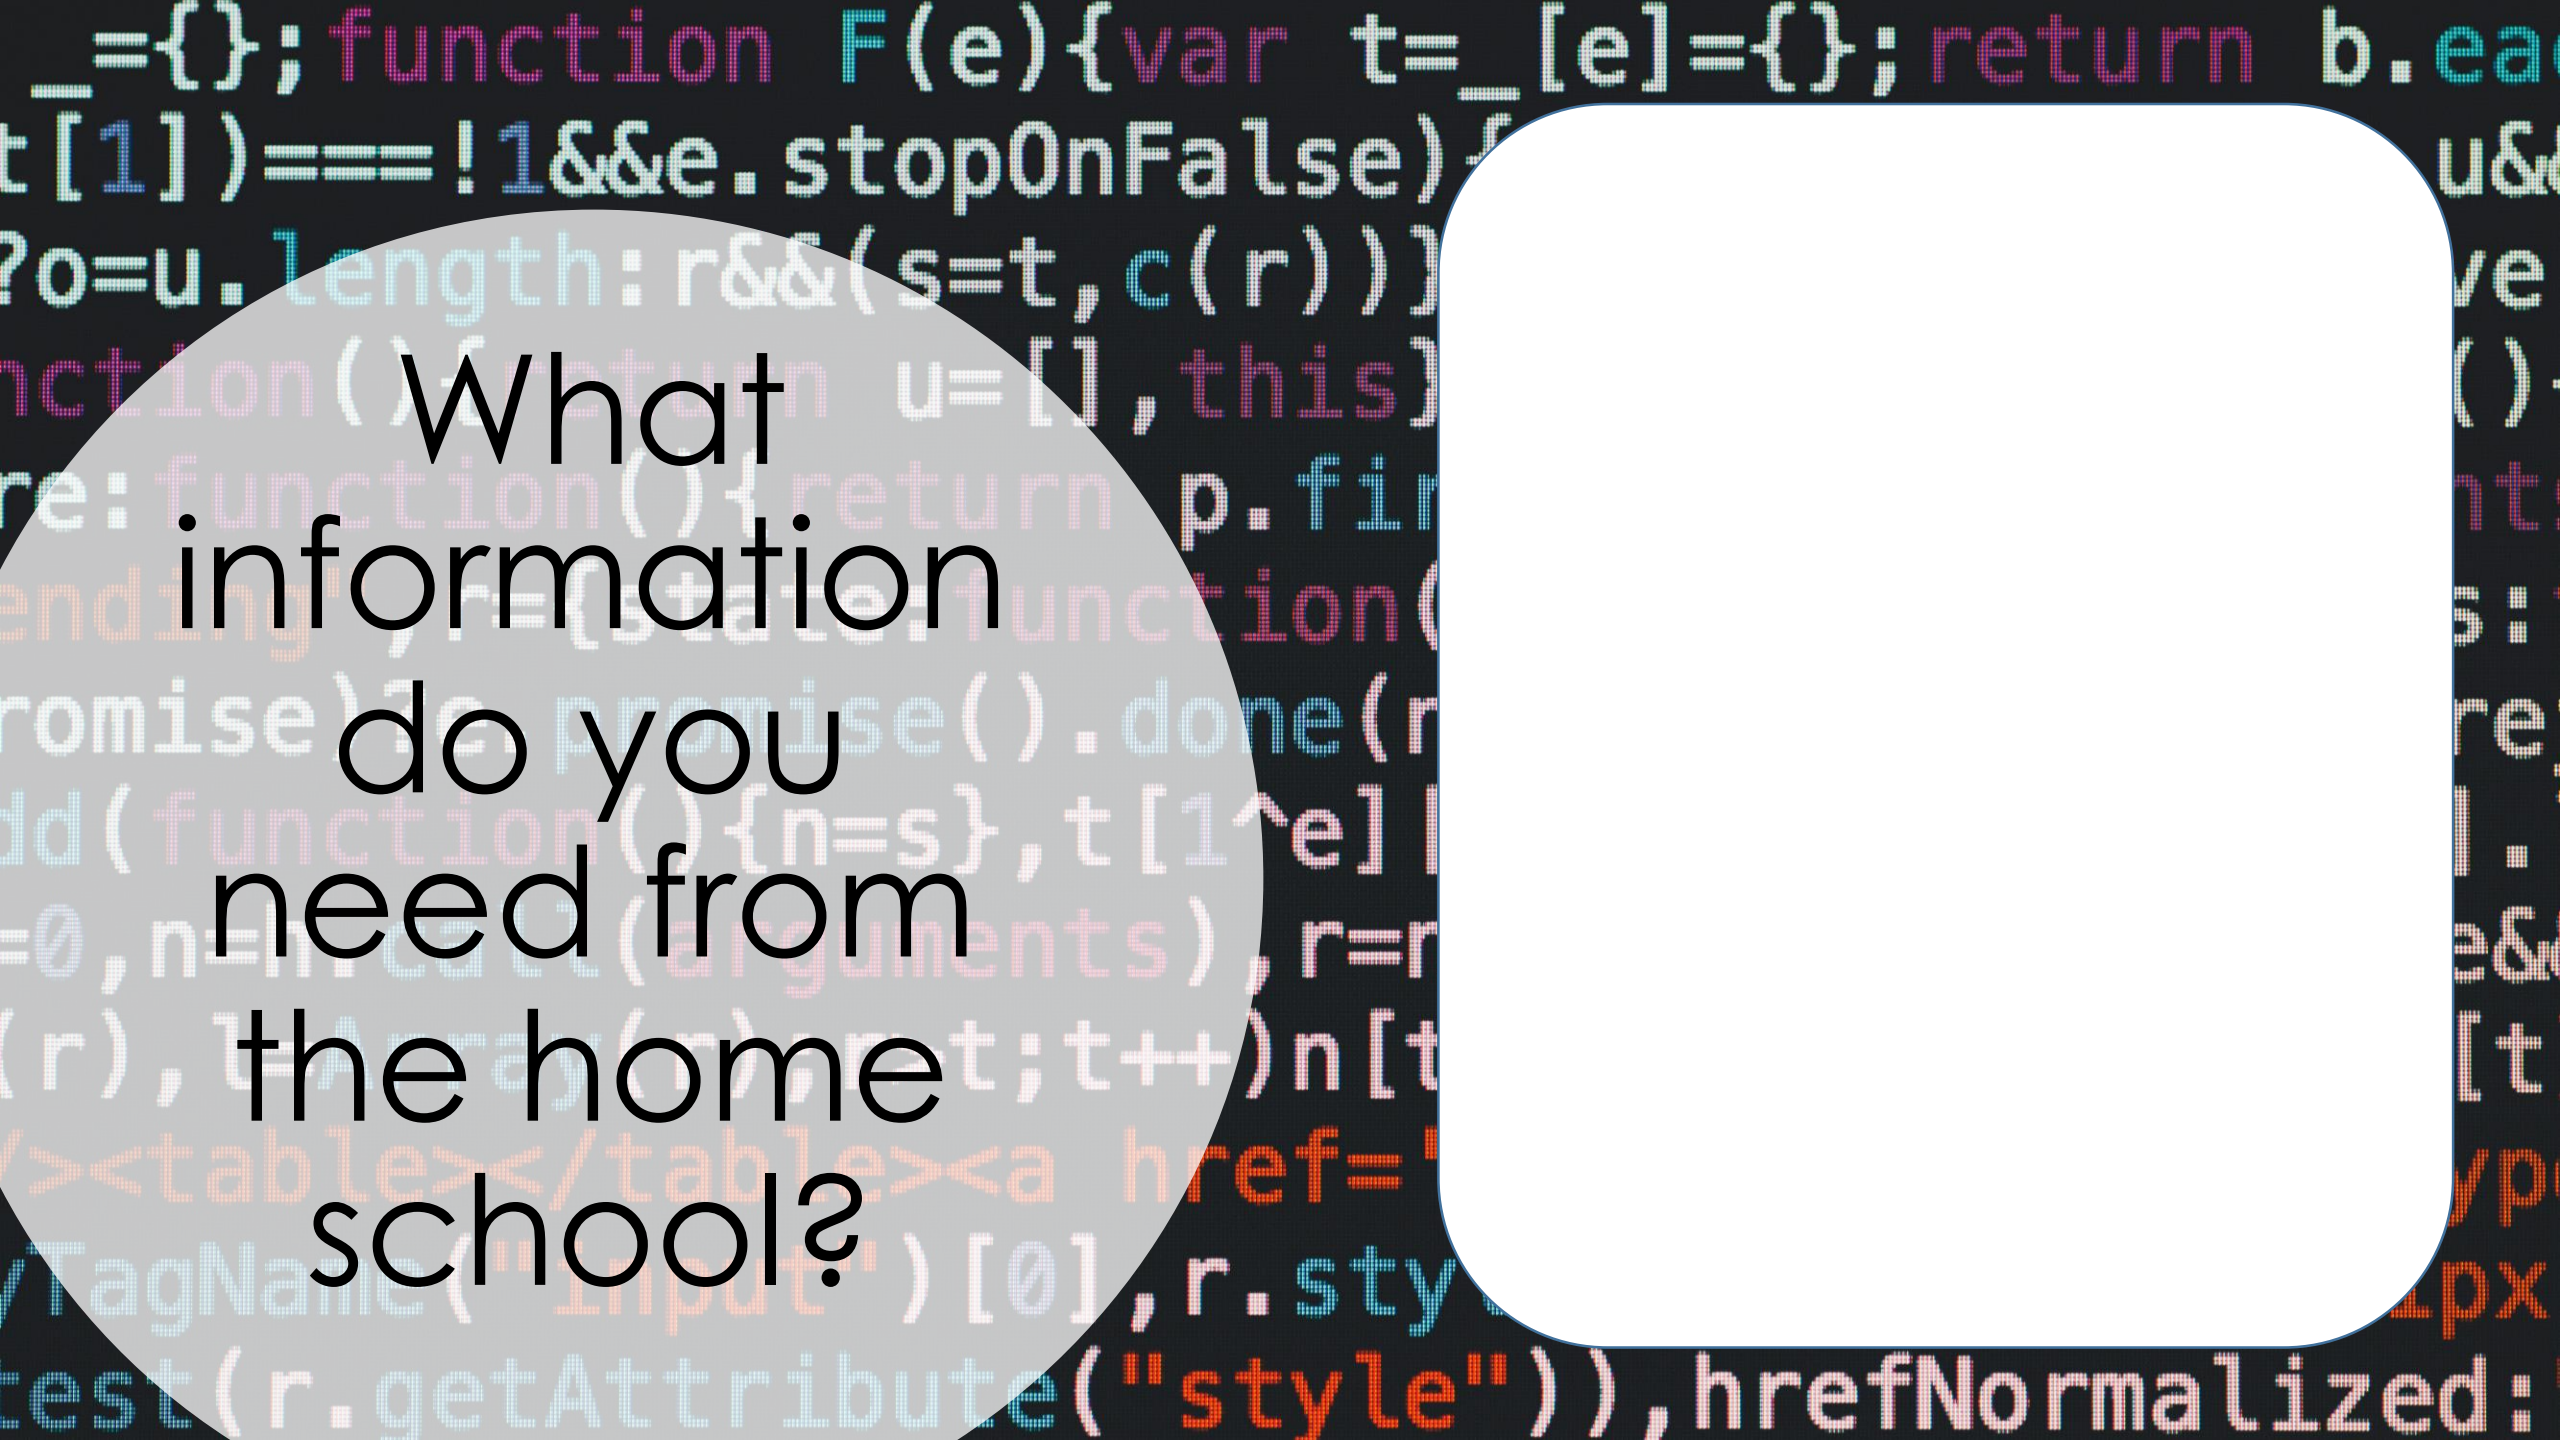

How do you  
communicate  
with teachers  
in home  
schools?

- Phone
- Email
- Letter
- In person
- 
- 
-

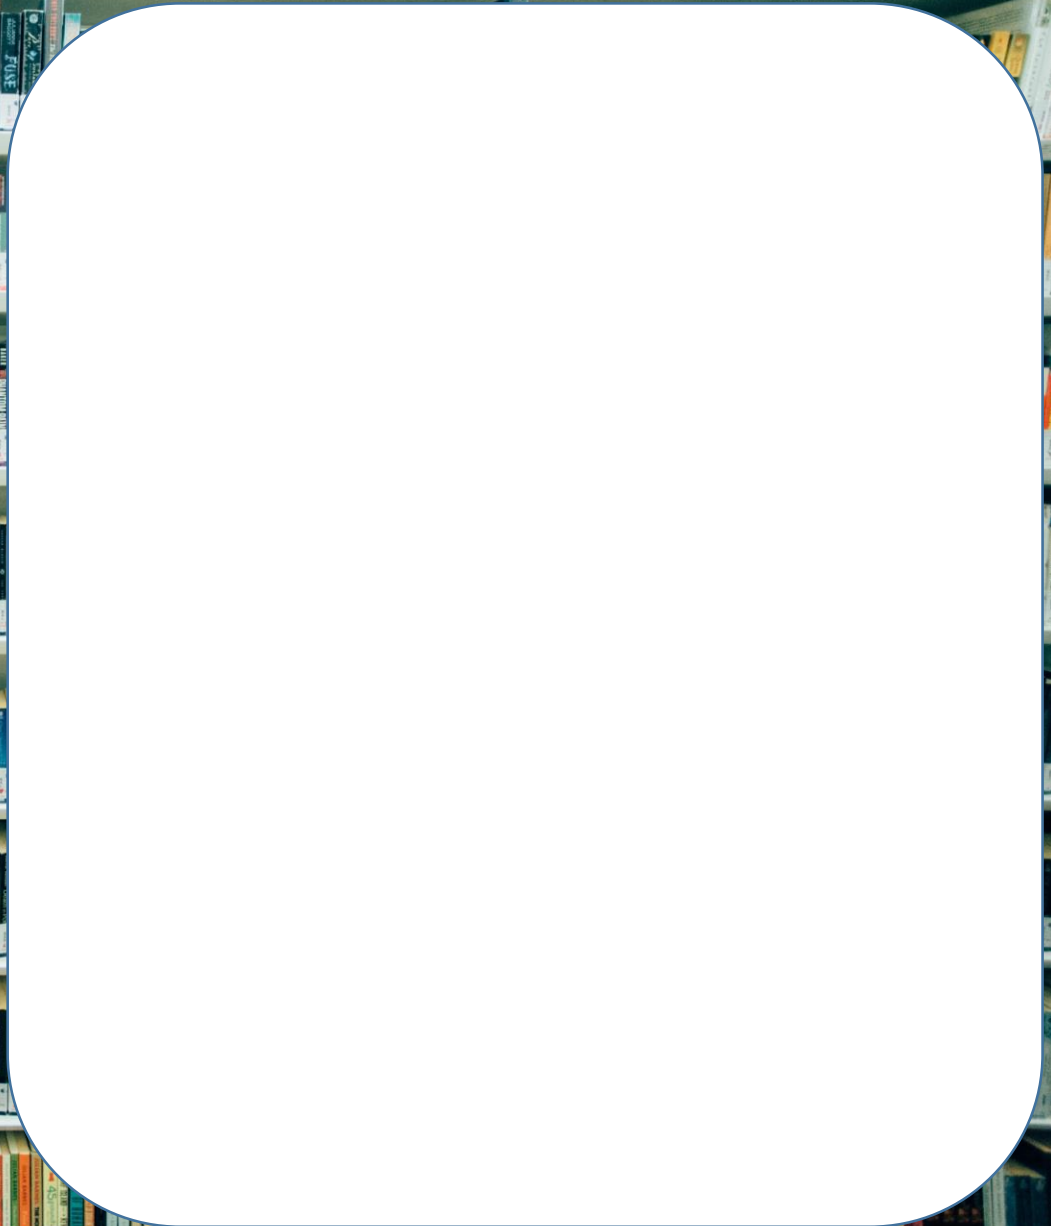

What  
information  
do you  
need from  
the home  
school?

What  
information  
do home  
schools ask  
from you?

ideal world  
communication

# Well at School

## ADVICE TO SCHOOLS FROM YOUNG PEOPLE

"Teachers should be aware of the side effects of medication"

"Don't treat a student's illness as an excuse not to do things e.g. PE or trips"

"It's very important that you can trust teachers"

"Teacher training should include training on medical needs"

"Be understanding about possible situations e.g. not handing homework in on time, being late"

"Schools should take mental health needs seriously"

[www.wellatschool.org](http://www.wellatschool.org)

3  
things I will do  
to improve  
communication  
between hospital  
school and  
home school  
when I get home
